

What Is Tourette's?

Professional in-service training on Tourette syndrome, the co-morbid conditions, classroom accommodations and more. Appropriate for Educators, Administrators, School Psychologists, School Nurses, and support personnel. Presenters offer key examples from the experience of PA-TSA staff with years of experience assisting school districts in PA to accommodate and support students with this complex disorder.

Understanding for Educators

Each presentation includes:

- Power point presentation
- Excerpt of a TS film
- 1 Year access to Educator materials at www.patsainc.org
- Attendees experience "having a tic"
- Successful accommodations for TS in the classroom
- Question and Answer Session

Presentation Options:

Two hour presentation—the most thorough training offered. Includes numerous examples to help prepare your staff for working directly with a student with TS of any grade level. Recommended to be held yearly for school teams that are working directly with a student with TS and complex co-morbid disorders.

One hour presentation—available to school teams that do not have availability for the two hour presentation. Perfect as an overview for staff that will not be working directly with a student with TS.

Scheduling

PA-TSA has several staff members and volunteer speakers available to provide training for your school district, school or teaching team. Contact us in advance by phone or email info@patsainc.org to get your training on our calendar.

FREE TRAINING is often available through our yearly Grant Agreement with the PA Department of Health.

When grant funding is not available, estimates of the fees can be provided prior to scheduling the training.

Fees:

Up to 25 attendees = \$300.00

Add \$100 for each additional 10 attendees

Mileage reimbursement of \$.545 per mile.
